It is highly recommended clubs start identifying the correct potential candidates to attend the above courses to make the most of this fantastic opportunity.

This new programme is heavily linked to the FA Charter Standard Health Check process and only clubs who have had their **Annual FA Charter Standard Health Check signed off by the County FA** will qualify for this programme. We will be carrying out regular checks to make sure new coaches qualified through this programme are added to your clubs records through Member Services on the Durham County FA website ([www.DurhamFA.com/MembersServices/](http://www.DurhamFA.com/MembersServices/)).

For further information about the FA Charter Standard Health Check process please visit [www.DurhamFA.com/Development/Clubs/FACharterStandardClubHealthCheck/](http://www.DurhamFA.com/Development/Clubs/FACharterStandardClubHealthCheck/)

This programme is funded for **3 years** from **1<sup>st</sup> February 2012** and will be continually monitored. Please note following the end of this funding the Coach Education costs will be reviewed and brought back in line with up to date costs. The process for booking courses has not changed and will still require Club Officials to sign application forms or the candidate to name the club on any online applications. Failure to adhere to this process will result in the club not qualifying for the bursary.

Any club found to be abusing this programme will be removed from the programme and will **not qualify** for any FA Charter Standard bursaries or support.
